

## RTG Kolloquium

"Limits of buildings and groups"

Prof. Annette Werner  
Johann Wolfgang Goethe-Universität Frankfurt a.M.

**Abstract:** After an introduction to Bruhat-Tits buildings, we present some old and new results about these buildings and their compactifications. As a crucial tool we discuss embeddings of buildings in non-Archimedean analytic groups.

Dienstag, den 06. Februar 2018 um **13:30 Uhr**, Konferenzraum 5.104,  
5.OG, INF 205

*Sie sind herzlich eingeladen zum Kamingespräch im Common Room ab  
16.45 Uhr und einem kleinen Snack vorab um 16.30 Uhr.*
